Minutes of 1/15/2020 meeting: Scott Hinrichs motioned to accept the minutes, Suzanne Thompson Seconded. All approved.

Ogden Weber Technical College Review – Roger Snow presented.

- Tech colleges only issue industry related certificates not degrees
- All secondary students attend tech colleges tuition free while in high school. Even in summer.
- Completion rate 80% /placement rate is 94%/ licensure pathway 99%
- Many programs are best hidden scholarship: students get jobs at high demand high wage industries like composites and healthcare, then employers will pay for a job and a tuition reimbursement program.
- Helps cost for High School and good fit for many students.

Request :

- Help push the experience and opportunity before academic accomplishment because we get more academic accomplishment from those who have skills first in tech college.
